

The California Titans are proud members of the California Amateur Hockey Association (CAHA) and the North American Prospects Hockey League (PHL). The Titans Tier 1 program was established in 2006, to provide Tier 1 hockey in the North Los Angeles and Ventura Counties. The Titans are the Tier I and Tier II programs of the Ventura Mariners Hockey Association, which is one of the longest tenured operating youth hockey associations in California (more than 25 years). Together the Titans/Mariners consistently field thirteen to fourteen youth travel ice hockey teams per season, ranging from Mites to Midget 18's, at the Tier 1, Tier 2, A, and B levels; and forms the second largest membership in Southern California.

Titans Commitment

Create, maintain and develop an elite Tier hockey program that houses the most committed hockey players both on and off the ice; to develop the "total" hockey player by providing quality coaching and a healthy and positive hockey environment; and maintain a reputation of excellence in the developing the hockey player.

Keeping in mind the previously stated Mission and the overall goals of the California Titans Hockey Club, the program must be an educational program for players, parents, and coaching officials. The process of adding, refining and deleting will shape the Titans as those involved strive to meet the highest standards and the highest level of play. Our program is practical and effective in meeting the program's philosophy and objectives. The main underlying fact that will guide our program is almost without exception our staff. To create a competitive environment that pushes athletes to the highest level; to put together a product both on and off the ice that will become the only place a player wants to play; and to develop, expose, and advance our players to the next level of hockey.

The Titans offer the opportunity to play for a nationally recognized program in a fully scouted league with other dedicated athletes and highly qualified coaches. The Titans put player development and advancement at the top of our priorities. We offer a practice and game schedule that will allow you, as a player, to continue in your improvement and regularly showcase your abilities for top Junior A and College hockey programs.

- Expose players and team personnel to local, national and international high-level hockey.
- Expose players and team personnel to competitive events that stimulate each individual to succeed within in a high performance environment.
- Teach and expose players in creating a career plan to meet all players' needs both in life and in the game of hockey.
- Teach and persist in the discipline of maintaining the highest standard of academic achievement.

Coaching Staff

Scott Yorkison – 18AAA Head Coach

syorkison@mjcapital.com

Scott Yorkison has over ten years of coaching experience to go along with his playing experience. Scott grew up in Pittsburgh and excelled not only at ice hockey, but also football, which earned him a college scholarship. Scott has coached three WSHL Junior B Championship teams, and won a Junior B National Championship. Together with assistant Coach Luc Beausoleil, Scott won the NAPHL Championships in 2010 and coached the Titan Midget Major team to the Pacific District Regionals 2 of his last 3 years. Over the years, Scott has forged many strong relationships in Junior hockey because of his well-known dedication and unique ability to develop and prepare young athletes for the next level, be it college or Juniors.

Luc Beausoleil – 16AAA Head Coach

luc@iceoplex.com

Luc hails from Montreal and has extensive experience as both a player and coach. He is one of the top all-time scorers in the CHL, and is a former Ken McKenzie Trophy winner. Luc is the Director of Hockey at the Iceoplex Simi Valley.

Peter Torsson – Bantam AAA Head Coach

torsson11@gmail.com

Peter comes to the Titans from Sweden. He has 22 years of playing experience including 3 years of professional hockey, and 4 years of college division 1 hockey at St. Cloud State University. Peter also excelled off the ice, being recognized as an All American Scholar for excellence in academics and sports. He understands the challenges and commitment required to succeed simultaneously in the academic and athletic arenas. Additionally, he has 9 years of coaching experience. Having played and coached under a variety of philosophies, Peter has the unique ability to guide players to showcase their own talent and creativity within the parameters of many team philosophies.

North American Prospects Hockey League

The Titans are one of 18 clubs nationwide competing in the North American Prospects Hockey League (PHL) at the Tier 1 - 18AAA, 16AAA and Bantam AAA levels. The North American Hockey League (NAHL), the only USA Hockey-sanctioned Tier II Junior A league has 27 teams across the country and prides itself on the social maturity and skill development of student-athletes ages 16-20 with aspirations of advancing to collegiate and/or professional hockey.

Since the PHL (formerly called NAPHL) is being orchestrated by the NAHL's experienced and professional staff that makes player promotion a priority, the PHL will provide an unrivaled scouting presence with all 27 NAHL teams committed to providing a team scout to each of the PHL's tournaments to go along with scouts from other Juniors (i.e. USHL), Colleges, and Professionals to maximize the exposure of all participants.

As a rostered player participating in the PHL you will be eligible to be “called up” for any of the 27 NAHL teams. You may play a maximum of 5 games with the NAHL team without jeopardizing your youth midget status.
